### Course Description

PRONTO EIS System has been designed to provide management with up-to-date data on a daily basis with up to 35 different standard reports available at present. The data is sorted and mapped via special codes and the reporting structure can be set up to report 4 levels deep.

PRONTO EIS Setup and Training covers the setup of special tables for the EIS system, refreshing report data and an overview of all reports available under the EIS system.

### Audience

This course is recommended for System Administrators, Financial Controllers, Sales Managers and General Managers.

### Objectives

On completing this course, attendees should understand the setup options of various EIS tables and be aware of the range of reports available.

### Topics Covered

- Setting up the Special Tables
- Setting up the Data Tables
- EIS Reports

### Other Workshops Available:

- Accounts Payable
- Accounts Receivable
- Customised Pricing
- End of Year
- Fixed Assets
